**AN ACT
MANDATING GOVERNMENT FINANCIAL INSTITUTIONS TO CREATE A
BANK ACCOUNT FOR EVERY UNBANKED FILIPINO,
AND FOR OTHER PURPOSES**

EXPLANATORY NOTE

Despite the boom of digital payment solutions during the pandemic and the government's initiatives for financial inclusion, an estimated 36.9 million Filipino adults remain to be unbanked.¹ This means that around 48% of the Filipino population still do not have a bank account.

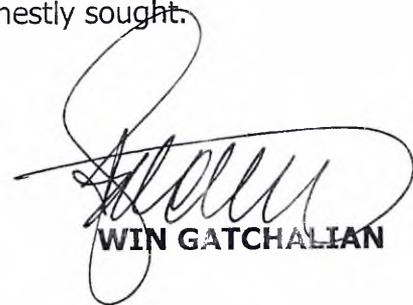

The BSP's latest Financial Inclusion Survey in 2019 show that only 28.6% of the respondents with ages 15 years old and above have a formal account, which includes bank, e-money, cooperative and microfinance institution accounts, and only 12.2% of these respondents have bank accounts. The same survey shows that 71% find difficulty in opening an account due to documentary requirements while 58% do not have the requirements for their loan applications in a formal financial institution.

¹BSP Report on Financial Inclusion in the Philippines Dashboard as of Fourth Quarter of 2020 (https://www.bsp.gov.ph/Media_And_Research/Financial%20Inclusion%20Dashboard/2020/FIDashboard_4Q2020.pdf)

While the Philippine National ID aims to address an individual's lack of documentary requirements for opening a bank account, the government still needs to facilitate and strengthen the financial inclusion landscape in the country by facilitating the opening and maintaining of bank accounts that may be used for the delivery of the government's public and social services.

Accordingly, this bill seeks to mandate its leading government financial institutions, particularly the LandBank and the Development Bank of the Philippines, to open and maintain a bank account for all Filipinos, free from opening and maintenance fees and charges, beginning January 1, 2023. The bank accounts so created will be used for the delivery of the government's public and social services, and will be linked with the Philippine Identification System.

In view of the foregoing, passage of this bill is earnestly sought.
