TEACHERS, PROVIDING FUNDS FOR THE PAYMENT OF ITS PREMIUMS, AND
FOR OTHER PURPOSES

EXPLANATORY NOTE

Article XIV, Section 5 (5) of the 1987 Constitution provides that: "The State shall assign the highest budgetary priority to education and ensure that teaching will attract and retain its rightful share of the best available talents through adequate remuneration and other means of job satisfaction and fulfilment."

Teachers form the backbone of our nation's educational system and are thus of crucial importance to our society's development. Major efforts have to be undertaken to give our teachers the support and remuneration they rightfully deserve.

The Department of Education (DepEd) under the current administration has been strengthening its endeavors to improve the welfare of the public school teachers and provide them with better benefits. From 2016 to 2018, DepEd allocated additional funds for chalk / cash allowance; special hardship allowance; and honoraria, among others. DepEd also intensified its efforts for the improvement of working conditions of the teachers and for their professional development.

Apart from the various benefits and incentives given to the public school teachers, they are also entitled to social security benefits from the Government Service Insurance System (GSIS), Philippine Health Insurance Corporation (PhilHealth) and Employees' Compensation Commission (ECC).
