SENATE Senate Bill No. 1844

)

Introduced by: Senator Raffy T. Tulfo

## AN ACT IMPOSING EXCISE TAX ON SINGLE-USE PLASTIC BAGS, AMENDING FOR THE PURPOSE SECTION 288 AND ADDING A NEW SECTION 150-C IN THE NATIONAL INTERNAL REVENUE CODE OF 1997, AS **AMENDED**

## **Explanatory Note**

According to the United Nations Environment Programme (UNEP), Plastic Pollution is a global issue . Around 6.3 billion tonnes of plastic waste were produced from 1950 to 2018. However, only 9% have been recycled and 12% incinerated. A significant amount of plastic still end up dumped or in landfills. Plastic pollution affect the natural processes and alter habitats of humans and animals, as well as the food production and social well-being of billions of people.

The Philippines produces around 2.7 and 5.5 million metrics tons every year and ranked as third in the world for most countries contributing to plastic pollution. One of the major effects of plastic pollution in our country is how waste runoff quickly clog drainage systems and waterways, endangering communities' hygiene especially during heavy periods of rain. Without government intervention, it is expected that by 2040, Plastic pollution in the Philippines could reach up to 9 million metric Tons.

In order to address aforesaid issues, the proposed bill seeks to impose an excise tax on single-use plastic bags removed from the place of production or released from the custody of the Bureau of Customs, subject to periodic increase every four (4) years effective in January 1, 2026.

In view of thereof, the immediate passage of this bill is sought.

RAPRY T. TULFO

NINETEENTH CONGRESS OF THE REPUBLIC	:)
OF THE PHILIPPINES	)
