

## RECORD OF THE SENATE

MONDAY, MARCH 17, 1997

### OPENING OF THE SESSION

*At 3:13 p.m., the Senate President, Hon. Ernesto M. Maceda, called the session to order.*

**The President.** The 80th session of the Second Regular Session of the Tenth Congress is hereby called to order.

Let us all stand for the opening prayer to be led by Sen. Marcelo B. Fernan.

After the prayer, the DTI Garments and Textile Export Board Chorale will lead us in the singing of the national anthem. It will also render another song, entitled *Sa Likod ng Pangarap*.

*Everybody rose for the prayer.*

### PRAYER

**Senator Fernan.**

Almighty God,

With one voice, we invoke the grace of Your mercy upon us all in this Chamber, and the Filipino people whom You have tasked to serve.

Grant us, O Lord, the illumination of Your spirit so that we can attend to the tasks of legislation with minds guided only by truth and right, and hearts filled only with the noblest intentions not for ourselves, but for the nation.

Help us to discern Your will on matters that affect our people, today and in the future, so that we can make the right decisions and pursue the best actions in crafting policies and programs to better uphold the interests of our people.

We direly need Your strength, O Lord, in these times that are fraught with omens of dissension and division brought about by the will of some to change what need not be changed in our democratic order, all for the sake of feeding appetites for more glory and more power at the expense of our democracy and the welfare of the nation.

Make us remember, O Lord, the gift of freedom You have mercifully granted to us, and which empowered us to banish the forces of tyranny in our

land — and in our remembering, inflame us with Your righteousness so that we would be armed with the unconquerable resolve never to allow again the subversion of our freedom by those who seek power for their own sake.

We ask all these with praise and gratitude in our hearts, and for Your greater glory, now and forever,

Amen.
